**TERMS**—No discount will be allowed, as it is our policy to maintain attractive prices, consistent with high quality stock. The issuance of this catalog automatically cancels all previous quotations. It is understood that all orders accepted are subject to stock at the time of delivery. 30 days net. On overdue accounts a charge of 6% per annum will be made.

**DELIVERY**—Free delivery in the Los Angeles Metropolitan area, San Bernardino, Riverside, San Diego and Santa Barbara. We do not pay transportation charges on shipments not covered by our free delivery service. To more distant points we will use the safest and least expensive method unless specific instructions are given.

**PACKING**—On orders not delivered to our free delivery zone, less than car load or truck load lots, a charge for packing material will be made at cost.

**CLAIMS**—Claims must be made immediately upon receipt of goods. If an error has been made by us, please notify us promptly, and we shall take pleasure in adjusting the matter. We do not guarantee plants to live. At no time will we be responsible for more than the purchase price of the stock ordered.

We carefully pack all stock, and make every effort to secure prompt and careful handling by the transportation company. However, our responsibility ceases upon delivery of stock in good condition to the transportation company. Claims for damage or delay in transit should be filed with the transportation company. In this connection we shall be glad to assist you in any way we can.

**WE ARE A PINK TICKET NURSERY**—It certifies that stock from which shipment is made has been found free of pests not of general distribution in Los Angeles County and is released for planting in said county without further inspection.

While every effort is made to produce the highest quality nursery stock, free of harmful pests, we cannot guarantee clearance at point of destination. It is therefore to be understood by the buyer that Monrovia Nursery Company can not be held responsible for the cost of rejected shipments or the transportation charges.

**ACKNOWLEDGEMENT**—Your orders will be acknowledged promptly and shipments made as quickly as possible, so if your order is not acknowledged please advise us immediately. Sometimes, because of inclement weather, or the press of business, there may be a slight delay in shipping, but we assure you that this will not be more than is absolutely necessary.

**NON-WARRANTY**—The Monrovia Nursery Company will exercise care to have all plants true to name. Nevertheless, it is understood that should any plant prove otherwise, we shall not be liable for any sum greater than that paid for such plants as may prove untrue. If the purchaser does not accept the goods on these terms, they are to be returned at once.

**VISIT OUR NURSERY**—Notify us and we will meet you at local terminals and assist you in making reservations.

## **"SERVICE" KEYNOTE OF MONROVIA CUSTOMER POLICY**

As a wholesale grower it's simply a matter of good business for Monrovia Nursery Co. to supply nurserymen only well grown, fast selling stock.

But we think, from both our viewpoint and the viewpoint of you as a retailer, that it's even better business for us to carry our obligation much farther. Our representatives keep informed of your local problems, analyze your territory, so that we can help you avoid buying stocks which won't thrive in your area.

We also give constant recognition to the fact that an overstocked nursery can't show a reasonable profit, nor can the wholesaler move merchandise if the retailer isn't selling his stock.

That is why you may one day have our representative advise you against placing an order for stock which experience has taught him isn't suitable for your locality. It's one of the many services Monrovia Nursery Co. renders the nurserymen. For we are deeply interested in your success. Please feel free to call on us for help with your sales problems, merchandising plans and other promotional suggestions.

If you are an old customer you will note that we have added several new varieties to our growing lines so that we may serve you even better. If you are ordering from Monrovia Nursery for the first time you can be assured that years of skillful propagation and the most efficient methods of handling bring you nursery stock that is second to none in quality.

Yours for continued success,  
H. E. ROSEDALE
